ICINGS

BUTTERCREAM ICING is our version of an old-fashioned favorite. Each batch is made from scratch and you can always choose from the following flavors: *Vanilla, Chocolate, White Chocolate, Lemon, Kahlua, Peanut Butter, Custom flavors available.*

CHOCOLATE FUDGE ICING is a super-fudgy icing that's richer and creamier than a chocolate buttercream.

CREAM CHEESE ICING tastes just as great on Devil's Food as it does on our signature spicy Carrot Cake.

Buttercream and cream cheese icings require refrigeration, but our cakes taste best at room temperature.

MINI CAKES

Our 3-inch mini cakes are just like our layer cakes, but in a lovely miniature that always surprises. *Minimum of 6*

LAYER CAKES

For traditionalists who want a layered cake, we offer our 9-inch variety, ready for service in a restaurant or a party down the street.

From batters to buttercreams, our recipes start with the same honest ingredients that our grandmothers used: eggs, butter, flour, milk, and sugar. Whether a devil's-food birthday cake for 6 or a tiered wedding cake for 100, Cake is here to serve.
